---

I urge you to please eliminate the use of Glyphosate from use in California, by outlawing it. Until we know definitively and with absolute certainty that Round Up is safe, we should not allow this chemical to be used. I am in my sixties, and unfortunately have used Round Up in the past, thinking it was benign, but clearly many scientists think otherwise.

I urge you to be conservative on this issue, do the right thing and eliminate the use of glyphosate.

Thank you,  
Suzanne Warner
